

Let's Go Green...

WAFB-TV Channel 9
Brent Ledet,
Creative Services Director

“WAFB-TV Channel 9 is very satisfied with the service we receive from The Recycling Foundation — they make recycling easy and effortless. Most of WAFB’s recycled material is copy paper, which we use by the hundreds daily.

WAFB recycles primarily to help reduce the amount of waste sent to our landfills. With help from The Recycling Foundation, we are beginning to change our habits and make the act of recycling second nature. They helped us install an easy-to-follow program which our employees have embraced. We don’t know how it could be any easier and highly recommend their services!”

Commercial Services Available:
