

# Let's Go Green...

**Pennington Biomedical Research Center**  
**Leslie M. Smith,**  
**Safety Officer**

“**Pennington Biomedical Research Center** recycles significant amounts of cardboard, paper, plastics and cans. Our program began when our Clinic Manager recognized the large amount of paper being thrown away. Our program began with 12 bins for paper and cardboard and has steadily grown to 20 bins that accept paper, cardboard, cans and plastics. Our employees are thrilled with the recycling program and fully support it. The Recycling Foundation is flexible and accomodates our scheduling needs. From drivers to customer service, The Recycling Foundation works with us to meet our needs!”
